Expected date of graduation:

1. What drew you to the MIAGE program? What interests you in this position?
2. This position involves collaboration with other programs and their staff. Please describe the skills and qualities you bring to a collaborative environment.
3. It is important that the MIAGE program serves all of our students, staff, faculty, and alums, and not just those from shared or dominant cultural perspectives. What are some of your favorite strategies for creating belonging?
4. Please tell us a little bit about an issue that you are passionate about. How does it impact international communities and why are you passionate about it?
